## Polls To Be Open From 7 to 7 in Monday Election

Andover's town election Monday promises to be the least exciting in many years, with interest now centered only on the Board of Public Works contest in which the incumbent, present chairman Sidney P. White, has for his opponent William J. Snyder. The only other contested position on the ballot was school committee, but member John M. MacKenzie's decision to withdraw from the race practically makes certain the re-election of Mrs. A. Graham Baldwin and the election of Dorothy T. Partridge and Gordon M. Thompson.

Mr. MacKenzie's name will still appear on the ballot however, as his withdrawal did not come early enough to take his name off the list. It is still possible therefore that he will be elected.

Automatically re-elected will be selectman-assessor J. Everett Collins, moderator Fred Butler, town treasurer Thaxter Eaton, tree warden G. Richard Abbott, planning board member Walter C. Tomlinson, library trustee Henry G. Tyer, and constables George A. Dane, J. Lewis Smith and George N. Sparks. Dr. William V. Emmons will be a new member on the board of health, replacing George Brown who has retired. Mr. Abbott's election will be for three years as a result of last town meeting's vote which changed the term from one to three.

Polls will be open from 7 a. m. to 7 p. m., in all six precincts. A light vote is expected.

## School Committee Reduces Budget

Two changes downward were effected in the school board budget by action taken at the special Tuesday evening session. Under special repairs the item set aside for repairing the John Dove toilet facilities was dropped from \$3000 to \$2100 as the result of a suggestion made by representatives of the Taxpayers' association who had pointed out that the difficulty in the basement probably lay not so much with the fixtures as with inadequate cleaning of the pipes underneath the fixtures. The budget item will allow for some structural changes, new sinks plus \$400 for a year's trial of a special chemical cleaning service which representatives of the association had found satisfactory elsewhere.

This brings the budget to \$197,053.51. It was also estimated that the cost of a salary increase on the

## Red Cross War Drive Under Way

The American Red Cross war fund drive is now on in Andover with a large corps of volunteers ready to aid in putting Andover well over the top. Last Thursday evening a supper was served at the Christ church rectory for the workers, at which time instructions were given on the drive.

The captains of the districts for the house-to-house canvass are:

Abbott Village, Mrs. C. Edward Buchan; Ballard Vale, Mrs. James Schofield; Center district, Mrs. Winsor Gale; Central street district, Mrs. Joseph Dahle; Elm street district, Mrs. Mary Dalton; High street district, Mrs. Prescott Coan; Salem street district, Mrs. Charles W. Pitman; Scotland district, Mrs. Wallace E. Brimer; Shawsheen Village, Mrs. Stafford A. Lindsay, Mrs. Garfield Chase, Mrs. Justin Rea, Mrs. Robert Marland (Shawsheen Heights).

Canteen Committee in charge of supper for workers: Mrs. Kellogg Boynton, chairman, Miss Madeleine Hewes, Mrs. Sally Herrick, Mrs. John Erving, Mrs. Henry Kazaz, Mrs. Bernard H. Capen, Mrs. Otto Eschholz, Mrs. William Trow, Mrs. M. Phillips Graham, Mrs. Roy Bradford, Mrs. Charles Bailey, Miss Ruth Saunders, in charge of service, Mrs. C. Carleton Kimball, decorations.

The Junior Red Cross Committee of the Andover Junior High school, under the direction of Miss Nancy Hird, prepared the solicitors' envelopes.

## Male Choir To Sing At Free Church Sunday

The Andover Male Choir under the direction of J. Everett Collins will offer a program of music in the Free Church Sunday evening at 7:30.

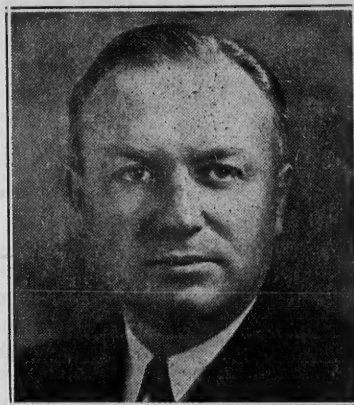

The program which has been in preparation some months, includes the following: "Holy is the Lord" by Bortniansky; "Thanks be to Thee", Handel; "Lo, a Song of Cherubim", Bortniansky; "An Evening's Pastoral", Shaw; "Hear My Prayer, O God", Kopyloff; "Finlandia", Sibelius; "Celtic Hymn", Robertson; "Jesus, Joy of Man's Desiring", Bach; and the "Hallelujah Amen" by Handel.

Interludes of Scripture reading and singing by the congregation will complete this special service of music which is an annual feature of the Andover Male Choir, presented during the Lenten season in various Andover churches. Announcement of this program has been made in the Free Church News to all members of the parish who have been urged to invite their friends.

## Sherman Reappointed As Superintendent Of Schools

Despite the lack of an answer from Lieutenant Kenneth L. Sherman of the Navy as to whether he wished to be considered available for the superintendency of schools, the school board Tuesday evening voted to reappoint him to that post for a year and then granted him a leave of absence "for the duration." The action climaxed a week in which discussion of the letters sent to both Lieutenant Sherman and Lieutenant Milton Blanchard reached fever pitch in some quarters.

KENNETH L. SHERMAN

While Lieutenant Sherman had not replied to the letter sent by the committee which in effect stated that the superintendency under the law was open for appointment, and asked in a round-about way his intentions in the matter, he did indicate to several friends in town that he was interested in retaining the position. The receipt by these friends of letters from him together with mimeographed copies of the messages from the school board was the first inkling that anybody outside the committee apparently had had that action was being taken. It was probably the result of the sentiment expressed to the school committee by the recipients of these letters that the board decided last week to release the whole matter for publication with a view toward securing an expression of public opinion on the matter. The general feeling as nearly as public opinion can be ascertained was that when a man enters the service he should not be de-

## Two Andover Boys Wounded In Action

Two more Andover boys have been wounded according to word received here this week. Seaman James Morrissey, son of Mr. and Mrs. Thomas F. Morrissey of 7 Temple place, became the second boy in his family to suffer wounds, when on Christmas Day he received shrapnel wounds and burns on his left side, when the destroyer Bronson was bombed by a Jap plane off Cape Gloucester. His brother Walter is home with malaria and an injury suffered at Guadalcanal.

Seaman Jim was helping to man an anti-aircraft gun on the Bronson which was covering the landing on Cape Gloucester, when the Jap plane scored its hit. The majority of the crew were picked up by another destroyer. Another brother, William, is a sergeant with the army in England.

Private James O'Hagan, son of Mr. and Mrs. Edward O'Hagan of 1 Baker Lane, has advised his parents that he is in an army base hospital in Italy, but he states that he is not badly hurt and asks them not to worry. He also has two brothers in the service, Sgt. John in North Carolina and Private Edward in Honolulu.

## Milk Control To Be Discussed at Forum

The milk control problem will occupy the interest of the fourth in the series of discussion forums to be held under the auspices of the Memorial Hall Library at the library hall on Monday evening at 7:45.

The discussion will center about the question "Is the Present System of Milk Control to the Best Interests?" Prices, distribution, and the possibility of rationing are very likely to be discussed.

Among those taking part will be Jerry Bond, Jr., Assistant Director of the Massachusetts State Milk Control Board; Francis L. Foley, district manager of the New England Milk Producers' association, and Sidney P. White of the Wild Rose Farm.

All interested are invited to be present and to participate in the discussion.

Henry W. Bragdon of the Brooks school faculty will lead the discussion on "Is Socialized Medicine Coming?" at the next meeting to be held on Tuesday evening, March 14, because of the town meeting the preceding night.

## AT EASE!

Harold Brearley has been moved up to Corporal after having been moved around in his two years of service from South Carolina to North Carolina to Georgia to New Jersey to Vermont to Kiska and to Italy where he is now on duty prior to being transferred to — well, we don't know, but if we next hear from him from India, we won't be surprised. Corporal Brearley, son of Mr. and Mrs. William Brearley of Maple avenue, is a paratrooper.

Pvt. Tom Noyes of the parachute infantry has moved to Fort Benning, Georgia, from Camp Crowder, Mo. . . . Lieut. Leslie R. Hadley from Salt Lake City to Tucson, Arizona. . . . John P. Dwyer, Cox., has moved from Beaufort, S. C., to Norfolk, Va., where he is going through training for destroyer escort duty.

Cpl. John Erving, Jr., dropped in last week to give us his address change to Chanute Field from Scott Field.

This navy of ours has more initials than the New Deal had. Anyway, Earl Baker, Jr., is now at Norfolk, Va., after having passed his H. A. 1/c test. That we'll have to look up.

Now, if it was Donald Surette or Donald Look, we'd expect it; our first photographer is now somewhere in the Caribbean area, our next is a cook in the navy, and golly, did he look well when he dropped into the office last Friday. But this is Donald King, Sergeant, and he's in the photo group at Peterson Field, Colorado Springs, Colorado, having transferred from Will Rogers Field in Oklahoma City, Oklahoma.

Word comes from Maxwell Field, Ala., that aviation cadets Avedis Bogosian of 87 Chestnut street and Edmund F. Leland of 59 Phillips street have reported to the pre-flight school there to begin another phase of their air-force training. There they will receive nine weeks of intensive physical, military and academic instruction.

Bluejacket Florian R. Marcoux, Jr., son of Mr. and Mrs. Marcoux of Juliette street, was recognized as now eligible to qualify for the petty officer rate of aviation machinist's mate third class at recent graduation ceremonies at the Naval Training school in Chicago.

Lieutenant William Murray Urquhart says he's "not trying to make you turn green with envy" as he dispatches to us with his new Drew Field, Florida, address a clipping from the Tampa Daily Times stating that the orange trees are beginning to blossom and that for four consecutive days the temperatures have hit 85, with a low of 60.

Resisting the temptation to indulge in a bad pun about two bars, we're glad to report that Bill Holihan, formerly general manager of Diamond Spring Brewery in Lawrence, has been promoted to captain down at Gulfport Field, Miss. He received his original commission in August, 1942, later attending the Army Air Forces Officer Training school, Miami Beach, Fla.

Second Lieutenant Dick Simmers, son of Mrs. Wilhelmina Simmers of 22 Enmore street, arrived at Newport, Arkansas, this week for duty at the Newport Army Air Field where he has been assigned to the flying department as instructor. . . . he had previously been at Napier Field, in Alabama.

Cpl. Jeanie F. E. Mitchell of Andover has been promoted from private first class, Third Air Force Headquarters Detachment at Tampa, Florida, announced today. Corporal Mitchell is the daughter of Mr. and Mrs. James L. Mitchell, 12 Binney street. She attended Punchard High school. She enlisted in the Women's Army Corps in April, 1943. She is authorized to wear the WAC service ribbon and is now assigned to the air inspector's office at Third Air Force Headquarters.

A. R. M. 3/c Walter Mactammany, somewhere in the Pacific, acknowledged his Servicemen's Fund association birthday card with "Simply to say 'thank you' because your kindness brought all the happiness that lies within a friendly thought."

. . . S 2/c John Ronan also feels that it was swell to be remembered on his birthday at Atlantic City, N. J. . . . B M 2/c James Benvie received his birthday card on arrival back at the New London base after having spent a few days here, during which time he attended the Legion party. . . . First Sergeant Eddie McCabe, out at Fresno, California, sends thanks for his second birthday card. . . . The following have acknowledged receipt of their Christmas packages: Lt. Kellogg Boynton, Jr., Cpl. Robert Look, Pfc James Ruxton, T/5 Georg Baker.

Down at Camp Edwards Pfc. Ben Brown has been promoted to corporal and Pfc. Ralph Bolderson has become a corporal technician.

Second Lieutenant Irene Curtis of 69 Park street is with a group of nurses assigned to United States Army Surgical groups now operating in the European Theater of Operations to augment the personnel of evacuation and surgical hospitals. This is an army development designed to bring the finest care in the world to sick and wounded American soldiers.

Cpl. Pete Winters expects to be home soon. He has seen action in Guadalcanal and other islands, and has received the Presidential citation. His brother Joseph is in the Navy and brother Phil in the Army. Pete is now in a hospital in Texas.

Aviation Cadet Richard Stevens has completed his pre-flight training at the Presbyterian college at Clinton, S. C., and is now classified as a navigator at Nashville, Tenn. He is the son of Selective Service Clerk Clinton H. Stevens and Mrs. Stevens.

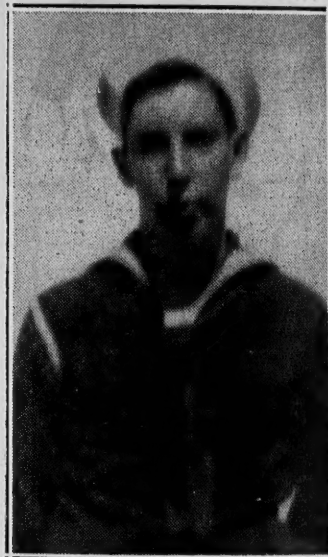

Here are some more of these. A. P. O.'s and F. P. O.'s—Ensign Jim Haggerty, F. P. O., San Francisco, from F. P. O., New York. . . . Pvt. Roland Parisian, A. P. O., N. Y., from California. . . . Rog Collins, A. P. O., N. Y., from Fort Eustis, Va.

Tom Ryan is back at Camp Gruber, Oklahoma, having spent some time at Camp Swift in Texas. . . . Texas has also lost Lieutenant Bliss Price, now at Camp Livingston, La., having been at Camp Howse. . . . Sergeant Henry Dobey has gone up to Fort Lewis, Washington, from Camp Beale, Calif.

Lieutenant (j.g.) Roger Hinman now has a San Francisco, Calif., address in place of Miami.

Tech. Sgt. Charles H. Spinney has moved from New River, N. C., to Camp Pendleton, Oceanside, Calif.

Ben Lawrence sends us a very nice V-letter about his A.P.O. number change. "The reason is that I have moved to 'Sunny Italy,' but much frosty Italy early in the morning. Thank goodness! At last, some trees! I recognized a red oak the other day and also pitch, and white pine. It looks much more like home here. I read continually in the 'Townsman' of various soldiers meeting other soldiers from Andover. Where, oh where, do they hide out? I haven't seen anyone from Andover yet. I have been located in most of North Africa at some time previous. I hope I have better luck here in Italy. I agree that the title should be 'With the Boys and Girls in Service.' After all, we men must bow to the inevitable and face the facts. I hope soon to be able to live the immortal words: 'When in Rome, do as the Romans do.' I like OUR column very much." Well, Ben, here's hoping that when you do get to Rome you'll have a swell reunion with a lot of our Andover boys now in Italy.

MM 1/C Paul A. Hood, son of Mr. and Mrs. Roy A. Hood of Abbot st., is now stationed at the Submarine Base at New London, Conn.

Cpl. Billie Auld, Jr., has left for Nashville, Tenn., after spending ten days with Mrs. Auld and his parents.

Carl James Holt of 2 Whittier court will report for active duty in the Navy on March 10th. He has been enjoying a month's leave following his induction in the Navy.

Seaman 1/c David F. Robb has moved over from Nantucket to Boston.

Cpl. John Crowley will be leaving Fort Benning, Ga., shortly, and will be located at Fort Bragg, N. C.

prived of his position in the public employ merely because of a legal technicality.

In addition to the re-election and the granting of leave, it was voted that the budget be increased by the necessary sums of money to care for Lieutenant Sherman's and Lieutenant Blanchard's retirement fund. It was also voted that the secretary should notify the two Navy men of the board's action. Lieutenant Blanchard had previously been given a leave of absence by the board, but because of an error of omission, this action had not been taken before in Lieutenant Sherman's case.

basis of 10% not to exceed \$100 would be \$8,058, so that the total budget under this plan would be \$205,111.51.

Under special article 19, which had asked \$4000 for playground enlargement and improvements the board decided to reduce its request to \$3,000. At a recent Taxpayers' association directors' meeting it had been pointed out, following a recommendation by chairman Sidney P. White of the Board of Public Works that the figure as given to the sub-committee on buildings and grounds was exorbitant. The finance committee had turned down the article because, while it felt that the purpose was a worthy one, the amount asked seemed too high for the results to be accomplished.

Revised figures secured by superintendent Erickson showed that the job can be done for \$3,000, including a wire fence which it is hoped will be available this summer.

## Editorials

Those misgivings of ours last week were justified, weren't they?

It's hard to take a detached view of a question that is as controversial as that school superintendency issue, but weighing everything just as cold-bloodedly as is possible, one can get only one impression from the whole mess, for "mess" it was—and that impression is that the editorial we wrote a few weeks back to the effect that a superintendent would be better off without a school board has been well illustrated by the actions of the school board.

That's harsh, isn't it? But let's review this problem, the hard-boiled facts of it, and when the review is over, chances are that the only conclusion to be reached will be that our school committee has made a first-class bungle of the most important problem that it has had to solve for the 1500 children that will go to the schools here each year for the next couple of decades.

The school committee originally appointed Mr. Sherman superintendent. He held the job, as far as the committee at that time gave any indication, quite acceptably. When the war came, he, as many others, entered the service. The committee gave him a party, patted him on the back, and assured him that the job was his when the war was over. That they neglected to later pass a formal vote granting a leave of absence was a mere oversight, one which should not have stepped in the way of that obligation of honor that had been verbally contracted, an obligation which every employer, public or private, has to any employee who, having no reason to feel that his work was unsatisfactory, leaves to enter the service.

Time passed by. The committee hired a new acting superintendent, a likeable straightforward person who did an exceptionally splendid job of administering the schools. The committee's personnel changed, but when it was finally decided to send a letter to Lieutenant Sherman, there still remained five members on that committee who had told him that the job would be his when he came back. The vote to send the letter was, however, without dissent! All the members heard the letter before it was sent out, so it is said; all the members didn't hear the letter before it was sent out, so it is said. Sounds crazy, doesn't it? But that's what we're getting at. It's hard to believe that nine members of a committee could send a letter to a man somewhere in the Solomons quite so crudely executed as that. Yet it was sent.

Then what happened? The thing leaked out. The school committee met on another matter, and decided to publicize the whole correspondence, with a result that must have been known to them to be inevitable. The public could come to only one conclusion from that correspondence, and the conclusion was that an attempt, underhanded-looking from the sound of the letter and the secrecy surrounding the move, was being made to kick a serviceman out of a job, a man 11,000 miles away, hardly in any position to do anything about it.

A week passed, and the committee remet, and unanimously reversed itself! That's all right, too; it's a good man who can admit he's

wrong. The only trouble is that everybody who talks to a member of the committee about it comes away with the conclusion that the member didn't know what it was all about. Some of them apparently claimed that they voted—both times—opposite to the way they felt! And that isn't too good, for a committee that has to guide the destinies of our children, is it?

The committee has been weak, horribly weak, from beginning to end. There is a very definite moral obligation to a man who enters the service to allow him to return to his job, unless there are extenuating circumstances... and no legal technicality in the world can serve as an extenuating circumstance. There is also a very definite obligation to our school children. Any member who felt either of those obligations, and on the basis of that feeling had decided one way or the other on this problem, should have acted steadfastly on that feeling. Any member who did not follow his own conscience does not have enough backbone to be a member of one of our most important committees.

### COMMUNICATIONS

#### Obligation to Children

The present dilemma of the school committee develops from a situation teeming with difficulties and one of tremendous interest and importance to the whole community. Unless we make a conscious effort to maintain an attitude of cool detachment toward the questions involved, the emotional possibilities are frightening.

Leaving out the personal factor as far as it is possible to do so, the crux of the problem is: what and how serious will be the effects of continued temporary arrangements for supervision of our school system? Any person who has at some time assumed leadership of a group knows that a marking time period is necessary before he can set a tempo suitable for the group to follow. Many of the more constructive school plans must be long-time projects, necessitating an undisturbed administrative set-up for their successful realization. Can our school system advance, or even hold to its present level, if we must keep repeating the marking-time process with a succession of temporary, insecure leaders?

A sense of security, of belonging to something stable, is essential to a child's normal growth and development, as all those familiar with child-training will agree. Will these make-shift arrangements jeopardize the educational program of Andover's fifteen hundred school children? Today's youth will need the best that can be given them in order to find and keep their place in the uncertain world that will be theirs. We who are parents owe them that. Besides, we ourselves need the lift that comes from knowing that all along the line the best possible job is being done in preparing them for life.

The school department spends the largest budget of any branch of local government. The taxpayer, then, has a big stake in this matter. Can we hope to find a progression of supermen who can not only adjust quickly to the administrative set-up and get a constructive pro-

gram in motion, win the confidence of the staff and the students, but also become familiar with the financial requirements of the system and the community's ability to pay?

The child of today is the citizen of tomorrow. What is our obligation to him?

An Interested Parent.

The public is cordially invited to attend the service of music Sunday evening. The doors will be open at 6:45 p. m. No seats will be reserved.

# IF YOU "PLUG-IN" WHEN COLD!

If your washer or ironer can't be stored in a warm place between wash-days, it is wise to roll it into a warm room the night before it is to be used. This will "thaw" the oil — save time, trouble, expense. You see, cold congeals the oil in which the driving mechanism runs. Congealed oil makes the machine start harder, wastes electricity — and may blow a fuse. Besides, the gears run dry — wear out faster. It's wise, too, to keep appliances oiled according to manufacturer's directions.
